

ShoeBox Recycling

RECYCLE YOUR SHOES, Find Your SoleMate™

Our Unique Value Proposition: People, Planet & Profit

- ShoeBox Recycling offers an engaging way to connect people across communities through the simple act of recycling your gently used shoes.
- Shoe recycling for reuse creates the highest & best environmental impact, contributing to your organization's sustainability goals in a no-cost, feel good way.
- It's a simple & sustainable way for your organization to raise funds: ShoeBox Recycling pays \$.50 per pound for paired, gently used shoes.

Here's How It Works...

How You Get Started

Our shoe-recycling program is easy!
We give you boxes.

You fill them up with gently used shoes until the boxes are heavy.

We provide pre-paid shipping labels.

We send you monthly checks based on the pounds of shoes collected.

Together, we make you happy, the planet happy, & your bottom-line happy.

Find Your SoleMate!

The best part of our shoe recycling program is the opportunity for you & your fellow recyclers to find their SoleMate.

With our SoleMate note in the shoe, you can connect with your shoes' new owner.

What are the chances that your SoleMate is out there? Join the Reuse Movement and find out!

How Much Can You Earn?

1 well packed ShoeBox weighs about 40 lbs.
Payout = \$20.00

Fill 5 boxes per month
Payout = \$100.00

Continue for a full year
Earn \$1200.00,
however, there is no limit to the amount of funds your organization can raise.

Some FAQ's:

Over 200 Million shoes are landfilled each year.

It takes over 200 years before a sneaker even starts to break down in a landfill.

Used shoes are in great demand all over the world.

Recycled shoes create jobs and fuel local economies both here & abroad.
